### MEDICAL e-LEARNING

VITECO is a provider of learning objects for medical world.

### Fe:maile project

The project **FEMALE - Female Entrepreneurs: Mentoring and Lifelong Learning across Europe** was launched in October 2010 for the period of two years. The main objective is to transfer the proven successful innovative learning methodologies from UK to partner countries, in particular the Mentoring Circles for Female Entrepreneurs methodology. The JO Group's company VITECO has the role of developer of Social Networking/Learning Zone for women entrepreneurs together with website. The project targets mainly female adult learners (focusing on those facing double-disadvantage).
